

North Shore Choral Society Presents:

Music for Social Change

Community Workshop with Mollie Stone

This workshop with musician, conductor, and educator Mollie Stone will provide an opportunity to learn how music can be directly connected to political and social change. Mollie will share her experience using choral music for public education and inspiration in South Africa during the struggle against HIV/AIDS. She will also demonstrate how to teach choral music authentically in the oral tradition, so come ready to sing, learn, and move.

Mollie Stone serves as Lecturer and Choral Director at the University of Chicago, Director of World Music at Chicago Children's Choir, Co-Director of the Chicago World Music Chorus, is a teacher for Village Harmony, and directs the Hyde Park Neighborhood Choir Presto Ensemble.
