

Reasons to Advertise in our Concert Program Book

The North Shore Choral Society is an established, well-respected community chorus with an 82 year history. We have about 130 members who live in or near the northern suburbs of Chicago.

Our singers and audience members are discriminating consumers with a strong loyalty to "buying local" and supporting our program book advertisers.

We generate tremendous publicity for our concerts. The creative direction of Dr. Julia Davids and her professional connections in the Chicago music community have contributed to a growing audience.

Your ad will not only reach many hundreds of potential customers; it will demonstrate your support of a highly regarded performing arts group.

Your ad will appear in November, February and June. Please visit our website at www.northshorechoral.org for further information and to hear a recording of our chorus.
