

About NSCS

About 1/3 of our 140 members come from Evanston, and most of the rest from near-by communities, although the range is from southern Wisconsin to downtown Chicago. The members rehearse in Evanston once a week from September through early June.

We have had tremendous publicity about our concerts, new music director and expanded outreach program. We anticipate ongoing publicity for our 75th anniversary.

We're performing in larger venues this year and expect over 500 people in our November audience in Glenview and over 800 at our concert and celebratory reception at Pick-Staiger hall in June.

Go to our website at www.northshorechoral.org for further information and to hear a recording of the chorus.
